

## California State Lands Commission Shipwreck Information

### Notice and disclaimer

Shipwrecks are considered archaeological sites that may be protected under state law.<sup>1</sup> The information shown below is taken from the California State Lands Commission (CSLC) Shipwreck Database. This information was taken from books, old newspapers, and other contemporary accounts that do not contain precise locations. Not all shipwrecks are listed and many ships were salvaged or re-floated.

Project planners preparing CEQA and NEPA documents may request a search of the CSLC's Shipwreck Database. Additional information is available for some shipwrecks.<sup>2</sup> Please contact the Shipwreck Database Coordinator at [Shipwreck.Database@slc.ca.gov](mailto:Shipwreck.Database@slc.ca.gov) for further information.

This information is not intended to be nor shall it be construed as a waiver or limitation of any interest of the State in the subject or any other property.

**Disclaimer of Liability:** This information is not suitable for any legal purpose. The CSLC makes no warranty of any kind, express or implied, nor assumes any legal liability or responsibility for the accuracy, completeness, or usefulness of any of the information. The CSLC assumes no legal liability or responsibility for anyone's use of the information.
