MAJOR PROPRIETARY FUNDS

Proprietary funds account for City operations financed and operated in a manner similar to a private business enterprise. The intent of the City is that the cost of providing goods and services be financed primarily through user charges.

The concept of major funds established by GASB Statement 34 extends to Proprietary Funds. The City has identified the funds below as major proprietary funds in fiscal 2015.

GASB 34 does not provide for the disclosure of budget vs. actual comparison regarding proprietary funds that are major funds.

Utility Fund is comprised of the following services:

Water

Represents expenses incurred in the purchase and distribution of water to City residents and businesses; water users support this activity through payment of water billings which are rendered based on read meters.

Sewer

Represents expenses incurred in the collection and pumping of sewage waste to the City of San Francisco Sewer Treatment Plant where it is treated and discharged to the bay; sewer users support this activity through payment of sewer service billings.

Guadalupe Valley Municipal Improvement District

Represents expenses related to providing water, sewer, and other municipal services to businesses and residents located within the district boundaries. Revenues to support this activity are derived from property taxes, water, and sewer billings and special assessments.

Marina Enterprise Fund

This fund accounts for expenses incurred in the operation and maintenance of a boat harbor and marina; berth rentals provide the source of revenue to support this activity.

Internal Service Funds

These funds are used to account for interdepartmental operations where it is the stated intent that costs of providing services to the departments of the City on a continuing basis be financed or recovered primarily by charges to the user departments.

A. Capital Asset Contributions

Some capital assets may be acquired using federal and State grant funds, or they may be contributed by developers or other governments. GASB Statement 34 requires that these contributions be accounted for as revenues at the time the capital assets are contributed.
