

18. (Acquisition of State Land by Division of Forestry, W. O. 256)
The Commission was informed that at the March 19, 1948, meeting of the Commission authorization was given for collaboration with the Division of Forestry on a program of consolidation of forest school lands through exchange with the United States in order for Division of Forestry to purchase the consolidated lands. Since the selection and report will not be ready before the end of this fiscal year, Division of Forestry at this time desires to enter into a contract with the State Lands Commission for purchase of the lands to be consolidated and thus encumber the \$267,000 available to them this fiscal year.

Upon motion duly made and unanimously carried, a resolution was adopted authorizing the execution of a contract with Division of Forestry for sale to them of the consolidated lands to be acquired by the State Lands Commission up to a value of \$267,000 subject to subsequent approval by the Commission of the specific lands to be conveyed to Division of Forestry.
