The Tejon Ranch Company has made an offer of \$1200.00, or \$6.00 per acre, for the NE $\frac{1}{4}$ and NE $\frac{1}{4}$ of NW $\frac{1}{4}$ of Section 36, T. 11 N., R. 16 W., S.B.M., containing 200 acres, and \$500.25, or \$5.00 per acre, for Lots 1, 3 and 4 of Section 36, T. 10 N., R. 17 W., S.B.M., containing 100.05 acres. The Assessor of Kern County has assessed contiguous lands at \$1.25 to \$3.00 per acre, thus indicating an appraised value of the lands of from \$2.50 to \$6.00 per acre. An appraisal by the Commission's staff indicates that the offers of Tejon Ranch Company are adequate.

The land lies at an elevation from 4000 to 5800 feet and is very rough and rocky and is covered with a dense growth of brush. There is a scattering of oaks, but no merchantable timber. The grazing is poor; the soil is sandy, disintegrated granite.

The land was advertised for sale with a stipulation that no offer of less than \$1200.00 would be accepted for the NE $\frac{1}{4}$ and NE $\frac{1}{4}$ of NW $\frac{1}{4}$ of Section 36, T. 11 N., R. 16 W., S.B.M., and no offer of less than \$500.25 would be accepted for Lots 1, 3 and 4 of Section 36, T. 10 N., R. 17 W., S.B.M., a total offer of \$1700.25. Pacific Gas and Electric Company has made an offer of \$1840.00 or \$2.00 per acre. An appraisal by the Commission's staff indicates that the offer as made is adequate.

All of the above described lands, which are to be used by the company for the purpose of a 34" diameter gas line from Texas, are strictly desert lands, covered with sage brush and/or cactus. None of the land is suitable for cultivation, there being no water available. The soil is rocky, no better than third rate, and the lands have no value for grazing or any other form of agriculture.

The subject land is rolling, not very rough but is covered with sage brush and has a small amount of spring grazing. There is no water on the land, all of the springs or natural water being on adjacent land owned by the applicant. The soil is rocky decomposed granite and the only value the land has is for spring grazing.
