

558,000 acres within the Training Center for an Artillery and Anti-aircraft Weapons Training Area.

A copy of the proposed Stipulation which will effectuate such leasehold has been submitted to the Office of the Attorney General.

UPON MOTION DULY MADE AND UNANIMOUSLY CARRIED, IT WAS RESOLVED AS FOLLOWS:

The Executive Officer is authorized to approve and the Attorney General is authorized to execute a Stipulation with the United States of America for the use by the latter of 29,214.70 acres of State school lands lying within the Marine Corps Training Center, Twentynine Palms, San Bernardino County, California, the United States to pay a rental at the rate of \$1,460.73 per annum, the period covered by the lease to begin August 21, 1952, and to run to June 30, 1953, with a right on the part of the United States for yearly extensions until June 30, 1958.

19. (RECORDATION OF AGREEMENTS FOR EASEMENT NOS. 274.5, 275.5, 400.5 AND 401.5, WILSHIRE OIL COMPANY, INC., ET AL., HUNTINGTON BEACH - W.O. 1401.) Agreements for Easement 274.5 and 275.5, issued by the Division of State Lands March 1, 1934, and Agreements for Easement 400.5 and 401.5, authorized by the State Lands Commission November 7, 1938, have not been recorded heretofore in the Official Records of Orange County. In conjunction with the assignment of the subject agreements, as authorized by the Commission February 9, 1953 (Minute Item 24, Pages 1738-39), it appears desirable that these documents be recorded in the official County Records. However, none of the signatures to the original agreements were acknowledged at the time of execution and, therefore, the office of the County Recorder of Orange has held that the documents may not be recorded at this time without further certification. Therefore, the Wilshire Oil Company, Inc., as original lessee, has requested the execution of a statement upon behalf of the State Lands Commission confirming the existence of the subject agreements. Such statements of confirmation would be filed for record in the County of Orange with a copy of the original agreement annexed. The form for confirmation of the agreements has been reviewed and approved by the office of the Attorney General.

UPON MOTION DULY MADE AND UNANIMOUSLY CARRIED, IT WAS RESOLVED AS FOLLOWS:

The Executive Officer is authorized to execute statements of confirmation of Agreements for Easement as submitted upon behalf of Wilshire Oil Company, Inc., April 30, 1953, relating to Agreements for Easement Nos. 274.5, 275.5, 400.5 and 401.5, Huntington Beach.

20. (QUIET TITLE ACTIONS - JACOBSEN VS. STATE, O'ROURKE VS. STATE, COLUSA COUNTY, SUP. CT. 10382 AND 10389 - W.O. 503.63, W.O. 503.64.) Quiet title suits have been brought against the State for approximately 45 acres of valuable land easterly and abutting on the Sacramento River in Sections 32 and 33, T. 16 N., R. 1 W., M.D.M., Colusa County. The plaintiffs or their predecessor in equity have been in possession for seventy-five years without a document of title. The situation is that the original 1867 U. S. surveys show the Sacramento River to be, between meander lines, approximately 1300 to 2000 feet wide at a bend in the river. The plaintiffs' claim to title arises out of U. S. patents landward of

the meander lines. The only State's claim to the area stems from the U. S. survey that the area involved was the bed of the river and therefore sovereign lands of the State. On the other hand, an early map, 1865, of the Colusa County Surveyor, made pursuant to instructions of the State Surveyor General, shows the area to be upland and not the bed of the river. No showing can be made by the State that the area was in fact swamp and overflow lands and therefore State land under the Arkansas Act of Congress. As a matter of fact, the river in this particular area is at a higher elevation than the area a mile or so from it.

It is therefore the conclusion of the Staff and the office of the Attorney General that the land involved in the cases belonged to the United States and that the Attorney General should file a disclaimer on behalf of the State in both cases.

UPON MOTION DULY MADE AND UNANIMOUSLY CARRIED, IT WAS RESOLVED AS FOLLOWS:

The Executive Officer is authorized to request the Attorney General to file a disclaimer of any State's interest in the lands involved in Colusa County Superior Court Quiet Title Actions Jacobsen vs. State No. 10382 and O'Rourke vs. State No. 10389.

21. (SUBMARINE GEOPHYSICAL EXPLORATION, HUMBLE OIL & REFINING COMPANY, P.R.C. 724.1, SANTA BARBARA COUNTY.) An application has been received from Humble Oil & Refining Company for an extension of the period of Submarine Geophysical Exploration Permit P.R.C. 724.1 for 90 days from June 17, 1953 to September 14, 1953, inclusive. Permit P.R.C. 724.1, as authorized originally by the Commission on May 26, 1952 (Minute Item 17, Page 1558), includes those tide and submerged lands, under the jurisdiction of the Commission, lying southerly and easterly of the easterly boundary of the City of Santa Barbara, as extended, and northerly and westerly of the easterly boundary of the County of Santa Barbara, as extended.

UPON MOTION DULY MADE AND UNANIMOUSLY CARRIED, IT WAS RESOLVED AS FOLLOWS:

The Executive Officer is authorized to issue an extension of Submarine Geophysical Exploration Permit 724.1 to the Humble Oil & Refining Company for a 90-day period from June 17, 1953 to September 14, 1953, inclusive, on those tide and submerged lands, under the jurisdiction of the Commission, lying southerly and easterly of the easterly boundary of the City of Santa Barbara, as extended, and northerly and westerly of the easterly boundary of the County of Santa Barbara, as extended, subject to concurrent approval by the Fish and Game Commission.

22. (SUBMARINE GEOPHYSICAL EXPLORATION, HUMBLE OIL & REFINING COMPANY, P.R.C. 718.1, SANTA BARBARA AND SAN LUIS OBISPO COUNTIES.) An application has been received from Humble Oil & Refining Company for an extension of the period of Submarine Geophysical Exploration Permit P.R.C. 718.1 for 90 days from July 12, 1953 to October 9, 1953, inclusive.

Permit P.R.C. 718.1, as authorized originally by the Commission on April 18, 1952 (Minute Item 35, Page 1544), includes those tide and submerged lands, under
