13.

APPLICATION FOR REVISED RIGHT-OF-WAY EASEMENT ACROSS SUBMERGED LANDS OF THE COLORADO RIVER, SAN BERNARDINO COUNTY, PACIFIC LIGHTING GAS SUPPLY COMPANY - W.O. 3420.

On February 25, 1960 (Minute Item 17, pages 5664-66), the Commission authorized the issuance of a 49-year right-of-way easement for gas pipe lines entering California at the Colorado River boundary of California, continuing across the submerged lands of the river and across lands described as Section 36, T. 10 N., R. 22 E., S.B.B. & M., San Bernardino County. The lands within said Section 36 are not owned by the State. Therefore, the easement must be amended to include only that area of the previously approved easement which is located on State lands in the Colorado River, thus reducing the area from 5.207 acres to 0.50 acre, more or less.

The appraised value of the land is \$500. Under the established policies of the Commission, the average annual rental for the 49-year term requested would be \$47.35, or a total rental of \$2,320.15.
