PROT JSED OUTER CONTINENTAL SHETF OUL ARD GAS LEAGES - U. S. DEPARTMENT OF THE INTBRIOR - W.0. 1835.2.

The Department of the Inte:ior has anncunced that on January 8, 1963, it will recei"e bids for oil and gas leases on 168 tracts containing approximately 800,000 acres of offehore lands clainad by the United States to be located on the Outer Continental Shelf between tie seaward projection of the CaliforniaOregan boundary and a line projected West from Point Conception, Sania Barbara County. Through prior correspondence and conferences between State and Federal sepresentatives, the State Lands Comission staff and the office of the Attorney General were informed as to the ayeas proposed to be leased. A joint study was made, ani it was determined that the zroposed leases would encroach in 56 tracts to the extent of come 147,000 acres upon offohure lands of the State of Celifornia. By letters dated July 12 and Ausust 14, 1952, and efter consultation with the Commission staff, the Attornep General requested Under Secretary of the Intexior James K. Carr to limit the proposed leases to designated areas which lie outside of the State's claims. Trae legal bases of the State:'s position were sumarized in the Attorney General's letter of Auguat 14, 1gSa (Jinhibit "E"). In that lexter, the Federal Government was informed that it could be anticipated that the State would formally protest the leasing of any poutions of the proposed areas other than those designaied as Iyiug outside the State's claims. Despite these letters, the Department of the Interior has elected to proceed with its leasing program without regard to the State's clains.

Section 6210 of the Public Resources Code provides that the State Lands Commission shall represent the State in all contests between it and the Unitea States In relation to public lands. The Comission's general jurisdiction and authortity over tide and submerged lands within or beyond the boundaries of the State axio set forth in Sections 6216 and 6301 of the Fublic Resources Code.

IT IS RECOMENDED THAT THE COMISSIOM:

1. INFORM THE SECRETARY OF THE INTHEIOA OF THE UIITED STATES THAT THP STATE
 Manage, amminsier, limase, devimor and use certain portions of the lands OFFERED TO BE LEASED BY THE UNTIED STATIES \& ANVONCED TN THE FEDERAL Regissier of october 2, 1962 (F. R. DOC. 62-j835). twe lands so Clambd BY THE STATE OF CALIfORNIA ARE THOSE DESCRTbED IN EXHIBIT "A" HEREIO.
2. PURSUANT TO AUHHORITY CONFERRED BY SECITONS 6102, 6210, AID 6301 OF THE PUBIIC RESOUKCES CODE, PROTEST TEE AFORESATD OIL AND GAS LITASF OFFER INSOFAR AS IT RELATES TO THE LaNDS SO CLATMED BY THE STATE, AND TNFORM THE SECRETARY OF THE IHTERLOR THAT IT OEJECTS TO THE ISSUANCE OF ANY LEASE UPON ANY PORTION OF SAID CLADED LANDS.
