APPLICATION FOR PIPELINE RIGHT-OF-WAY EASEMENT ACROSS SUISUN SLOUGH, SOLANO COUNTY; FAIRFIELD-SUISUN SEWER DISTRICT - W.O. 5830.

The Fairfield-Suisun Sewer District, a public body organized under State law, has applied for a 10 x 190-foot easement across tide and submerged lands in Suisun Slough, near Suisun City in Solano County (as shown on Exhibit "A").

The District proposes to install a 48-inch steel pipeline 5½ feet under the slough bottom. It will convey settled sewage across Suisun Slough for further treatment in oxidation ponds located on upland to the south which is owned by the District. The owners of upland on the north side of the slough, J. C. Keeler and B. D. Call, have granted the District an appropriate easement.

Permits for the installation have been issued by the U. S. Army Corps of Engineers and by the San Francisco Bay Conservation and Development Commission. Lease P.R.C. 3404.9, which was authorized by the Commission on November 18, 1965, covers the dredging aspect of this project.

The consideration will be the public benefit.

IT IS RECOMMENDED THAT THE COMMISSION AUTHORIZE THE EXECUTIVE OFFICER TO ISSUE TO FAIRFIELD-SUISUN SEWER DISTRICT, IN CONSIDERATION OF THE PUBLIC BENEFIT, A 49-YEAR RIGHT-OF-WAY EASEMENT FOR A PIPELINE ACROSS THE FOLLOWING-DESCRIBED LAND:
