## ADMINISTRATION OF TIDELAND OIL AND GAS REVENUES UNDER PROVISIONS OF CHAPTER 2160/1963 - W.O. 4848.

Chapter 2160/63 added Sections 6816.5 and 6817 to the Public Resources Code, providing for subventions of State tide and submerged land oil and gas revenues to cities and counties, under conditions described below, and requiring the State Lands Commission to report to the State Controller the amounts of the revenues to be used for purposes of calculating the subventions.

The salient features of Chapter 2160/1963 are:

1. The subventions shall be made to cities or counties which own or operate parks (public beaches) free of charge to the public for recreational purposes, which parks must be offset by tide and submerged land oil and gas leases let by the Commission immediately adjacent to and having a common frontage with the parks.
2. The subvention for each fiscal year shall amount to one percent of the State's total revenue from leases lying offshore but within the limits of the particular city or county, to a maximum of seventy-five thousand dollars (\$75,000) for each mile or fraction of a mile of ocean frontage of park qualifying under number 1 above.
3. The apportionment for any given fiscal year shall be based upon the physical facts with respect to each city or county existing on June 30 of the next preceding fiscal year.
4. The State Lands Commission shall, at the time of remitting revenues to the State Treasury, report to the State Controller the total amount of revenue received from tide and submerged lands shown with respect to each city or county to which such amount is applicable.
5. The legislation provides that "The report of the State Lands Commission and the apportionments of the Controller shall be final."

The staff has investigated all parks and beaches owned or operated by cities and counties to which Chapter 2160/1963 might apply for the 1966-67 fiscal year, and has found two changes from the previous year. Isla Vista Beach Park in the County of Santa Barbara was opened to the public on June 30, 1966, and increased the qualifying beach mileage for the County of Santa Barbara to a total of two miles. The City of Carpenteria on June 30, 1966, assumed responsibility for the operation of Carpenteria Beach, which it owns, and this city becomes eligible for the subvention for the first time.

IT IS RECOMMENDED THAT THE COMMISSION AUTHORIZE THE EXECUTIVE OFFICER, AT THE TIME OF REMITTING REVENUES FOR THE 1966-67 FISCAL YEAR, TO REPORT TO THE STATE CONTROLLER ON ALL REVENUES RECEIVED FROM WITHIN THE LIMITS OF QUALIFYING CITIES OR COUNTIES AS DESCRIBED ON EXHIBIT "A" ATTACHED AND MADE A PART HEREOF.
