STATUS OF MAJOR LITIGATION

As of September 30, 1972, there were 217 litigation projects involving the Commission, an increase of 1 from last month.

(To determine validity of Tideland Survey No. 17, based upon a Patent from the Governor of about 1871.)

The San Diego Unified Port District and the State of California have filed the Joint Respondents' Brief. After appellants' closing brief is filed, the case will be argued before the Appellate Court.

2. Boyd v. State W 503.470

Napa Superior Court Case No. 22174

4. Miller v. City of Santa Monica, et al. W 503.510
Los Angeles Superior Court Case No. 892295

(An action by private upland owners involving title to tidelands that have artificially accreted. Both the State Lands Commission and the Division of Beaches and Parks have interests to protect.)

Plaintiffs voluntarily dismissed the case. State and City may file new action if the parties do not remove the encroachments.

Notices by City and Attorney General mailed September 24, 1971, and October 28, 1971, to the 34 property owners believed to be responsible for the encroachments involved in this matter, informing the owners that action would be taken by the State of California and the City of Santa Monica if they failed to voluntarily remove the encroachments within sixty days. A public meeting was held April 6, 1972, for general exchange of views to explore possibility of settlement. Landowners were requested to respond within thirty days to City and State proposals. The State Department of Parks and Recreation will handle the bulk of the research work as they have been vested with the tideland portion of the grant.

5. County of San Mateo v. Ideal Cement Company, et al. W 503.539
San Mateo Superior Court Case No. 125379 (companion case to No. 144257)

(In order to obtain uniformity of decision, the State has filed an Answer to the Complaint. This action is a condemnation matter brought by the County of San Mateo, concerning lands located within the aforementioned statutes (Ch. 1857/65). The State contends that said lands were granted in trust to the County, or in the alternative, that the County received an easement over said lands in trust which permits the County to use the subject property for the purposes contemplated by the condemnation action.)

Stipulation has been signed by all parties, continuing any further proceedings in the case until there is a resolution of the issues presented in State of California v. County of San Mateo, et al., Case No. 144257 (W 1839.28). Maps have been prepared but are not yet approved. An agreement has been reached to withhold their being filed for record.

Orange Superior Court Case No. M-1105 (formerly Case
No. 4 Civil 9344)

(Petition for Writ of Mandate involving the legality of the Upper Newport Bay Exchange approved by the State Lands Commission.)

On February 18, 1971, the trial court upheld the action of the Commission in approving the validity of the Orange County-Irvine Exchange Agreement. The appeal therefrom is still pending. Closing briefs will not be completed for about 30 days. Appellant Heim's Opening Brief was served upon the Attorney General on February 22, 1972. Sonoma Superior Court Case No. 60178

9. Delta Farms Reclamation District v. State
San Joaquin Superior Court Case No. 97183

W 503.585

(Plaintiff seeks to quiet title to an alleged berm of about 80 acres in San Joaquin (Old River) west of Stockton at Bacon Island as the claimed successor to a State Swamp and Overflowed Patent.)

10. Federated Mortgage Investors, et al. v. Charles Lick, et al.
Los Angeles Superior Court Case No. 940856

W 503.586

(An action between private parties to determine ownership of the Lick Pier (Pacific Ocean Park), and to determine the ordinary high water mark at that point.)

The Federal Court has refused to take jurisdiction to determine the Mean High Tide Line, and the private parties will bring a State suit to determine the Mean High Tide Line. On May 26, 1972, the State was sued in Declaratory Relief by Matador Land Co. to determine the location of the Mean High Tide Line (L.A. Superior Court Case No. 30527).

Sonoma Superior Court Case No. 62402

W 503.607

(Plaintiff seeks to quiet title to about two miles of the bed of Bihler Slough located immediately north of Tubbs Island.)

A State response will not be required until plaintiff amends his complaint. A probable defense of the State will be that lands within the Slough are State-owned tidal-navigable waters.

12. U.S. v. 1119.992 Acres (Solano) 1413 W 503.625
U.S. v. 1393.464 Acres (Contra Costa) 369 W 503.628

13. Southern Pacific Transportation v. Evers W 503.631
Solano Superior Court Case No. 49386

(Plaintiff seeks to quiet title to lands along the Vallejo Waterfront as successor to a Railroad Grant and a Tideland Patent.)

The boundaries and the existence and extent of any private interests are disputed by State. Trial was recommenced on July 29, 1972, with Defendant State being severed from the action as Plaintiff does not seek a judgment against State at this time due to a proposed settlement.

14. Union Pacific Railroad Company, et al. v. City of Long Beach W 503.641
Court of Appeals Case No. 36989, 2nd Civ.

(Suit attacking the City of Long Beach business license tax on oil production. That portion of the ordinance providing for revenues from unitized tideland operations was declared unconstitutional.)

On March 30, 1972, the California Appellate Court handed down its decision reversing the trial court. This constitutes a victory for the State and City.

The Appellate Court upheld the validity of Section 6100.99-2 of the Long Beach Municipal Code. The tidelands trust will be reimbursed for the tax money. The money judgment awarded by the trial court to L.E.O.D. was reversed, and the portion of the taxes previously paid need not be returned.

The California Supreme Court has denied a hearing. The plaintiffs have declined to seek review in the United States Supreme Court. The impounded funds, amounting to \$3,700,000+, should be sent to the State shortly.
