SALE OF A PERPETUAL EASEMENT OVER  
SCHOOL LAND, TRINITY COUNTY

On November 10, 1977, the Bureau of Land Management filed an application to purchase an easement over 3.99 acres, more or less, of State school land in the SW $\frac{1}{4}$  of SE $\frac{1}{4}$  of Section 16, T34N, R11W, M.D.M., in Trinity County. The parcel comprises a 100-foot right-of-way for Brock Gulch Road which contains 2.90 $\pm$  acres, and 2 severed remainder parcels of 0.02 and 1.07 $\pm$  acres respectively, which would be rendered useless if not taken as a part of this aquisition.

The Bureau of Land Management has submitted an offer of \$265 per acre for the 3.99 $\pm$  acres for a total offer of \$1,050.00. The offer is based upon the fee value, as determined by a Bureau of Land Management appraisal. Said appraisal has been reviewed and approved by staff.

A staff review shows that the land is not suitable for cultivation and therefore may be sold under the rules and regulations and at a price fixed by the Commission.

OTHER PERTINENT INFORMATION:

1. This project is situated on State school lands identified as possessing significant environmental values pursuant to P.R.C. 6370.1, and is classified in a use category, Class B, which authorizes Limited Use.

Staff review indicates that there will be no significant effect upon the identified environmental values. This is an existing road for which no adverse comments have been received.

2. In compliance with Section 6373 of the P.R.C., the general use plan has been circulated by the State Office of Planning and Research under SCH #78050894, for the review and comment by State agencies. No comments were received.

EXHIBITS:

- A. Land Description.
- B. Location Map.
- C. Use Plan.

CALENDAR ITEM NO. 23. (CONTD)

IT IS RECOMMENDED THAT THE COMMISSION:

1. FIND THAT A GENERAL PLAN FOR USE OF THE SUBJECT LANDS HAS BEEN PREPARED BY THE COMMISSION'S STAFF AND CIRCULATED THROUGH THE STATE CLEARINGHOUSE UNDER SCH#78050894. APPROVE THE GENERAL PLAN FOR THE PROPOSED USE OF THE LANDS AND AUTHORIZE THE TRANSMITTAL OF SAID REPORT TO THE LEGISLATURE PURSUANT TO P.R.C. 6373.
2. DETERMINE THAT AN EIR HAS NOT BEEN PREPARED FOR THIS ACTIVITY AS SUCH REPORT IS NOT REQUIRED UNDER THE PROVISIONS OF P.R.C. 21085, 14 CAL. ADM. CODE 15100 ET SEQ., AND 2 CAL. ADM. CODE 2907.
3. FIND THAT GRANTING OF THE PATENT FOR A PERPETUAL EASEMENT WILL HAVE NO SIGNIFICANT EFFECT UPON ENVIRONMENTAL CHARACTERISTICS IDENTIFIED PURSUANT TO SECTION 6370.1, OF THE P.R.C.
4. FIND THAT THE STATE SCHOOL LAND DESCRIBED IN EXHIBIT A ATTACHED HERETO, IS NOT SUITABLE FOR CULTIVATION WITHOUT ARTIFICIAL IRRIGATION.
5. AUTHORIZE THE SALE OF A PERPETUAL ROAD EASEMENT OVER LANDS DESCRIBED IN EXHIBIT A ATTACHED AND BY REFERENCE MADE A PART HEREOF TO THE UNITED STATES BUREAU OF LAND MANAGEMENT; SUBJECT TO ALL STATUTORY AND CONSTITUTIONAL RESERVATIONS, INCLUDING RESERVATION OF ALL GEOTHERMAL AND MINERAL RESOURCES FOR \$1,050,00 CASH, WITHOUT ADVERTISING.

## USE PLAN

GENERAL PLAN FOR USE OF THE LAND LOCATED  
IN SECTION 16, T34N, R11W, M.D.M. TRINITY COUNTY  
PURSUANT TO SECTION 6373 OF THE PUBLIC RESOURCES CODE

The United States of America, through the Bureau of Land Management, proposes to acquire a 100-foot right-of-way, 50 feet on each side of the centerline, across the SW $\frac{1}{2}$ SE $\frac{1}{4}$  of Section 16, T34N, R11W, M.D.M. This right-of-way is an existing road (see attached Exhibit A).

The subject Brock Gulch Road was constructed by the Bureau of Land Management in 1963. At that time the location of the road was based upon valid land surveys which indicated the road was being constructed on public lands. In 1965 a dependent survey and subdivision of sections survey was initiated. This was necessary to define the exterior boundaries of the public land and to reconfirm the location of several mining claims scattered throughout the Federal ownership. This information was also needed for planning and multiple-use management.

During this survey, unexpected problems occurred. Several original section and quarter corners were found which dictated a change in the existing section boundaries. This survey was approved in 1976, and as a result, approximately 1250 feet of the Brock Gulch Road now traverses a portion of Section 16, State of California property.

The road is 14-feet wide and has not been surfaced. Maintenance includes annual grading. This road serves as a public and multiple-use access route to approximately 6200 acres of public land. One of these multiple use includes the removal of forest products. The area consists of rugged terrain with intermittent forest cover.

No commercial timber exists within the proposed right-of-way. Other than the road, there are no other developments and/or improvements on the 260-acre parcel of state land.

Future usage of this road will include its continued use as an access route for the general public of the United States, and for administration of public lands.
