1911 Garden Highway
Sacramento, California 95833

1976.

limit coverage of \$100,000.

CONSIDERATION: \$90 per annum, with the State reserving
the right to fix a different rental on
each fifth anniversary of the permit.

BASIS FOR CONSIDERATION:

\$90 annual rental for this type of permit.

PREREQUISITE TERMS, FEES AND EXPENSES:

STATUTORY AND OTHER REFERENCES:

A. P.R.C.: Div. 6, Parts 1 & 2.

B. Cal. Adm. Code: Title 2, Div. 3.

rental schedule for General Permits and the actual area occupied by the existing facility plus a standard use area which totals 4,862 square feet.

2. An EIR is not required. This transaction is within the purview of 2 Cal. Adm. Code 2907, Class 1B, which exempts an existing structure or facility that is in an acceptable state of repair and there is no evidence of record to show injury to adjacent property, shoreline erosion, or other types of environmental degradation.
3. This project is situated on State land identified as possessing significant environmental values pursuant to P.R.C. 6370.1, and is classified in a use category, Class B, which authorizes Limited Use.

Staff review indicates that there will be no significant effect upon the identified environmental values. This is an existing facility for which no adverse comments have been received.

4. The proposed permit was to be used in settlement of litigation previously authorized by the Commission as Minute Item 18 at its March 30, 1978 meeting.
5. One of the provisions of the proposed permit offered to the applicant is the requirement of liability insurance. The applicant has been unable to secure a policy of liability insurance at a premium which is acceptable to him. Staff feels that it would not be in the best interest of the State to waive the insurance requirement. Staff believes that the applicant has a reasonable alternative; the alternative being the moving of applicant's vessel to an existing marina which has liability insurance coverage of its own.
