31. AUTHORIZE ACCEPTANCE AS STATE SOVEREIGN LANDS OF DEED

During consideration of Calendar Item 31 attached,
William F. Northrop, Executive Officer, noted for the
record that if Senate Bill 664 (Nielson) is enacted, the
Commission's ability to enter into these types of boundary
settlements may be jeopardized.

Upon motion duly made and carried, the resolution as presented
in Calendar Item 31 was adopted by a vote of 3-0.

COMPROMISE TITLE SETTLEMENT
(LAND EXCHANGE AND AMENDMENT OF
LEASE PRC 5426)

6/79
W 22088
Sandefur
BLA 189
PRC 5426

A title dispute exists between the State, in its sovereign capacity, the City of San Mateo, as trustee of the State's sovereign rights, and Joseph Koret and Stephanie Koret, his wife, concerning a parcel of real property of 15.6 acres located in the southerly part of the City of San Mateo, San Mateo County, California, more particularly described in the attached Exhibit "A", and graphically shown on Exhibit "B", and is herein called Title Settlement Parcel.

The Korets contend that the Title Settlement Parcel is of the legal character of Swamp and Overflowed Lands under the Federal Arkansas Swamp Land Act approved September 20, 1850 (9 Stat. 519); that they are successors in interest to the State's S&OS 14 patent dated October 30, 1863; that of the State within the Title Settlement Parcel without any reservations, express or implied; and that they hold title to said real property in fee simple absolute, free and clear of any State right, title, or interest therein.

The State Lands Commission staff has conducted a study of the evidence of title to the Title Settlement Parcel and has concluded:

1. The parcel was covered, at least in part, by the tidal water of San Francisco Bay.
2. Due to artificial changes, the parcel is now, and since 1931, has been reclaimed, leveed, and cut-off from tidal waters of San Francisco Bay.
3. The Parcel is presently improved with 328 apartment units.
4. The City of San Mateo is trustee of the State's sovereign rights in the Title Settlement Parcel pursuant to the 1976 Legislative Trust Grant (Ch. 1099 Stats. 1976).

The Korets have offered to resolve such title dispute by an agreement in compromise settlement of such title dispute.

The State Lands Commission staff and the City of San Mateo recommend approval of the settlement in substantially the form of agreement which is now on file with the State Lands Commission.

While the agreement sets forth all the specific terms and conditions of the settlement, for purposes of convenience, a brief summary of some of the principal terms and conditions are set forth below.

1. The City of San Mateo will quitclaim all its right, title, and interest within Title Settlement Parcel to State.
2. The State will patent its right, title, and interest within Title Settlement Parcel to the Korets.
3. The Korets will convey or cause to be conveyed to the State an undivided 0.646% interest in Brown's Island, Contra Costa County, as described in Exhibit "C" and depicted on Exhibit "D".
4. The Korets will provide a standard form of CLTA title insurance in the amount of \$1,000, insuring the State's title to the undivided 0.646% interest in Brown's Island.

The Brown's Island parcel shall be held by the State in its sovereign capacity as tidelands and submerged lands subject to the public trust for commerce, navigation, and fisheries, as defined in the case of Marks v. Whitney, 6 Cal. 3rd 251.

The State shall lease the undivided 0.646% interest in Brown's Island to the East Bay Regional Park District pursuant to the Land Bank Option and Lease Back Agreement (W 21372) with the East Bay Regional Park District, approved by the State Lands Commission at its regular meeting on December 19, 1977, Minute Item No. 21.

The settlement will consolidate State titles in a manner which will be beneficial to the environment and ecology.

The State will receive the mineral rights in the Brown's Island parcel being conveyed to the State, and, pursuant to Section 6307 of the P.R.C., is releasing the mineral rights which the State may have due to its sovereign ownership claims in the Title Settlement Parcel.

CALENDAR ITEM NO. 31. (CONTD)

The agreement and conveyances thereunder are authorized by Division 6 of the P.R.C, with particular reference to Sections 6107 and 6307.

Since the exchange is for the purpose of settling a title dispute, it is exempt from the preparation of an EIR.

An evaluation has been made by the Commission's staff which shows that the State will receive lands and interests in lands equal or greater in value than those lands and interests in lands claimed by the State and to be surrendered by this agreement. The staff estimate of the dollar amount of our interest in subject property being no more than \$872.

The agreement has been reviewed and approved by the Office of the Attorney General.

The proposed exchange is for the purpose of settling a title dispute, and the Korets remain subject to all lawful requirements of public agencies for permits, mitigation, use, or otherwise, independent of this agreement.

The staff believes the proposal is in the best interests of the State.
