a \$1,500 minimum annual rental paid in advance on August 1, of each year of the lease; one (1) cent per gallon of fuel sold, up to and including 100,000 gallons, and one and one half (1½) cents per gallon in excess of 100,000 gallons.

BASIS FOR CONSIDERATION:

Title 2, Div. 3, Cal. Adm. Code.

PREREQUISITE TERMS, FEES AND EXPENSES:

Applicant is owner of upland.

STATUTORY AND OTHER REFERENCES:

A. P.R.C.: Div. 6, Parts 1 & 2.

B. Cal. Adm. Code: Title 2, Div. 3.

OTHER PERTINENT INFORMATION:

1. The lease is being amended to reflect the following:
 - a. Up-dated lease form,
 - b. Revised rental,
 - c. Revision in the rental consideration,
 - d. Generally to bring the lease within current leasing format.

2. In March of 1978, Louis and Marian Halasz purchased, through a stock purchase and deed back agreement, 4-Jay Investment, Inc. The purchase consisted of the acquisition of Rio Ramaza Marina and an approximate 600 foot strip of upland adjacent to the Marina.

3. The sole source of income to the marina operation is generated from facilities located on the State-owned land. There are no improvements on the uplands. They are primarily used for boat-trailer parking.

4. The current annual rental (\$3,400) is based on 8% of the appraised upland value. Mr. Halasz has stated that the facilities do not generate sufficient income to produce the annual rental without placing their business in financial difficulty.

CALENDAR ITEM NO. 23. (CONTD)

5. Subsequently, Mr. Halasz has allowed the staff to review his income statements. Based upon this review, staff is recommending, that as an economically viable alternative for the continued operation of Mr. Halasz' marina that the basis for consideration be converted to (%) percentage of gross income.
6. The Commission's staff recommends that the annual rental be based upon 5% of gross income less a \$1500 minimum annual rental paid in advance on August 1, for each year of this lease with additional rental to be derived from fuel sales.
7. The Commission's standard lease form has been modified in order to incorporate special language necessary to implement rental based on a percentage of gross income. Also, certain paragraphs which are relevant to this proposed lease amendment, contained in Section 5, Standard Covenants, have been deleted.
8. Because the annual rental will be based on a percentage of gross income and not on appraised land value, the staff recommends that the standard 5-year rent review provision be waived.
9. Special provisions have been incorporated into the lease form regarding the maintenance by lessee of records and books subject to staff review in order to assure the proper reporting of gross income by lessee.
10. The only exception to gross income derived from the leased area being subject to percentage rental is fuel sales. Fuel sales will have rental calculated based on annual volume; at one (1) cent per gallon for the first 100,000 gallons and one and one-half (1½) cents per gallon for all fuel sold over 100,000 gallons.

CALENDAR ITEM NO. 23.-(CONTD.)
