<u>W.O.</u>	<u>APPLICANT</u>	<u>TYPE OF PROJECT</u>
W 22031	Milton A. Blair	Grazing lease on school land parcels

The project sponsor has requested an increase in the number of acres proposed for lease. The increased acreage is the result of a boundary modification of the Bureau of Land Management's surrounding grazing allotment. Staff is working with Mr. Blair to accomplish a lease which includes the larger acreage. However, the applicant resides in a rural area, and is unavailable by telephone and receives mail on an irregular basis. Although AB 884 time constraints require denial of application at this time, staff fully expects to submit a completed lease document to the Commission covering the new lease area within the next several weeks.
