AMENDMENT OF GENERAL PERMIT - RECREATIONAL USE

BACKGROUND:

On March 19, 1980, the State Lands Commission authorized issuance to Joseph W. Noble and Barbara Noble of a 10-year General Permit - Recreational Use, from March 15, 1980, in reconsideration of annual rental in the amount of \$260 with the State reserving the right to fix a different rental on each fifth anniversary of the permit. Consideration also includes royalty in the amount of \$0.15/cubic yard for material removed from State land and deposited on publicly-owned disposal areas and \$0.25/cubic yard for material sold or placed on private property. The 0.28-acre parcel of tide and submerged land is located in Main Channel - Huntington Harbor, Orange County. Land use includes incidental dredging up to 4000 cubic yards and construction and maintenance of bulkhead, pedestrian ramp and seven boat docks for private recreational use. The permit provides public liability insurance in the amount of \$300,000 combined single limit coverage.

CURRENT SITUATION:

The Commission's staff has been contacted by the applicant requesting that the Commission's earlier authorization be amended to change the name of Permittee to J B and D Enterprises. The applicant has advised that title to the adjacent upland is now vested in J B and D Enterprises.

All of the necessary environmental and significant land findings were made during the Commission's action on this project on March 19, 1980.
