CALENDAR ITEM NO. 27 (CONTD)

A 2900 ft. section of beach between 57th Place and 71st Place has been eroded by storms. The restoration of this section of the beach is estimated to require 80,000 tons of imported coarse sand, 10,000 cubic yards of salvaged beach sand plus 50,000 cubic yards of material which is being dredged from the mouth of the San Gabriel River.

The item now before the Commission is to determine whether the expenditure of \$862,000 of the City's share of tideland oil revenues to renourish the eroded beach area between 57th Place and 71st Place, as described in the City's letter of intent dated August 21, 1980, is authorized by Chapter 138/'64, 1st E.S., Sections 6(a) through 6(f). The Commission may either (1) take no action, (2) determine that the proposed work is authorized by one or more of sub-sections 6(a) through 6(f) or, (3) determine that the project is not authorized by any of the sub-sections 6(a) through (f). The staff recommends action (2) because the expenditure for the reconstruction, repair and maintenance of beaches and for the rendition of services reasonably necessary for its fulfillment is an authorized use pursuant to Sections 6(d) and 6(f). Either action (1) or (2) would allow the City to disburse funds from its share of tideland oil revenues on the project.

- EXHIBITS:
- A. Vicinity Map.
 - B. Site Plan.

IT IS RECOMMENDED THAT THE COMMISSION DETERMINE THAT THE EXPENDITURE OF \$862,000 BY THE CITY OF LONG BEACH FROM ITS SHARE OF TIDELAND OIL REVENUES FOR RENOURISHMENT OF THE ERODED BEACH AREA BETWEEN 57TH PLACE AND 71ST PLACE IS IN ACCORD WITH CHAPTER 138/'64, 1ST E.S., SECTIONS 6(d) AND 6(f); SAID DETERMINATION TO BE SUBJECT TO THE CONDITION THAT THE WORK CONFORM IN ESSENTIAL DETAILS TO BACKGROUND MATERIAL SUBMITTED WITH THE CITY'S LETTER OF NOTIFICATION DATED AUGUST 21, 1980, AND THE CONDITION THAT THE CITY SHALL FILE A STATEMENT OF EXPENDITURES WITH THE COMMISSION WITHIN 180 DAYS AFTER THE COMPLETION OF THE WORK.
