DREDGING PERMIT

In accordance with the Commission's delegation of authority to the Executive Officer on February 24, 1977 (Minute Item No. 32), to issue Oredging Permits of 10,000 cubic yards or less, to perform maintenance dredging on State-owned lands, the following applicant has been granted such permission:

APPLICANT:

Porto Bodega Development Co. P. O. Box 456 Bodega Bay, California 94923

The Permit provides for excavating a maximum of 1,000 cubic yards of minerals other than oil, gas and geothermal from granted submerged lands (minerals reserved) in Bodega Harbor, Sonoma County. Dredging is required to maintain navigable depth in and to applicant's small craft harbor. Spoils will be placed at an upland public disposal area, with a royalty of \$0.15 per cubic yard for materials so placed. The permit also provides for a royalty of \$0.25 per cubic yard in the event materials are sold or placed on private property, and is effective from November 1, 1980 through October 30, 1981.

EXAIBITS:

A. Land Description. B. Location Map.

In compliance with said delegation of authority, it has been determined that the following conditions have been met:

- 1. The proposed project is categorically exempt from the requirements of CEQA, pursuant to the provisions of Section 15104(g) of the CEQA Guidelines as maintenance dredging with spot disposal in an approved disposal area.
- 2. Issuance of the permit and the resultant project will have no significant adverse effect on the environment or the environmental characteristics identified pursuant to Section 63%0.1 et seq., of the P.R.C.

- 3. The dredging amount will not exceed 10,000 cubic yards.
- 4. A charge per cubic yard will be assessed for spoil material that is deposited on private property or otherwise lost to future State benefit.
- 5. Approval of the project will be contingent upon approval by all pertinent State, Federal and local agencies.
