PUBLIC HEARING ON  
PROPOSED OIL AND GAS LEASE

AREA, TYPE LAND AND LOCATION:

Approximately 90 acres of tide and submerged  
land in the Grays Bend area of the Sacramento  
River, Yolo and Sutter Counties.

PERTINENT INFORMATION:

The Commission has received a request from  
Hilliard Oil & Gas to enter into a negotiated  
Oil and Gas Lease on a portion of the Sacramento  
River, Grays Bend area, as shown on Exhibit "A".  
Hilliard has leases on property adjoining  
the State lands. In accordance with Section  
6815 of the Public Resources Code, the  
Commission may negotiate and enter into  
a lease for the development of the State  
lands through drilling from adjoining lands  
only.

Section 6873.2 of the Public Resources  
Code requires that before offering any  
tide and submerged land area or beds of  
navigable rivers for lease, the Commission  
shall hold a public hearing on the matter  
within a city or county adjacent to such  
area. The Commission shall propose at such  
hearing a plan for the control of subsidence  
and pollution which might occur as a result  
of the proposed oil and gas operation.

An environmental document is not required  
for this proposed hearing. At such time  
as a negotiated lease for the extraction  
of oil and gas comes before the Commission  
for approval, staff will have prepared  
such environmental documents as needed,  
and as required pursuant to CEQA and its  
implementing regulations.
