OTHER PERTINENT INFORMATION:

- I. This project is situated on State land identified as possessing significant environmental values pursuant to P.R.C. 6370.1, and is classified in a use category, Class C, which authorizes Multiple Use.

Staff review indicates that there will be no significant effect upon the identified environmental values. This is an existing facility for which no adverse comments have been received.

- II. This activity is exempt from CEQA because it is not a project as defined in the State EIR Guidelines.

- III. Supplemental Information
On April 7, 1980, Lessee filed a document with the California Secretary of State. The document declares that IT Environmental Corporation of Contra Costa County is a wholly-owned subsidiary of the IT Corporation.

The document above also merges the wholly-owned subsidiary into the IT Corporation, the parent company, and assumes all liabilities pursuant to Section 1110 of the California Corporations Code.

- IV. RENTAL CONSIDERATION - 5-YEAR REVIEW:

The lessee's present rental is \$100 per annum.

The lease provides that the State adjust the annual rental at a different amount for the 5-year term following each fifth anniversary of the lease, effective on such anniversary date.

Routine review of the lease by staff indicates a change in the rental is not warranted at this time.
