FIVE-YEAR RENT REVIEW  
GENERAL LEASE - RIGHT-OF-WAY USE

LESSEE: Dow Chemical U.S.A.  
P. O. Box 1398  
Pittsburg, California 94565

This is a General Lease - Right-of-Way Use for a term of 20 years from September 1, 1972, with an existing annual rent of \$807.72, covering a 4.636-acre parcel of tide and submerged lands, located in the beds of the Sacramento and San Joaquin Rivers and New York Slough near Sherman Island, Solano, Sacramento and Contra Costa Counties, for an eight-inch gas pipeline.

The lease provides that the State may adjust the annual rental at a different amount for the five-year term following the fifth anniversary of the lease, effective on such anniversary date.

The staff has reviewed the Commission criteria for selection among alternative rentals for industrial and right-of-way leases and has determined the proposed rental is the most appropriate.

This activity is exempt from CEQA because it is not a project within the State EIR guidelines.
