APPROVAL OF
LITIGATION AND TITLE SETTLEMENT AGREEMENT
BETWEEN CASIMER AND ETTA MALINOWSKI
V. STATE LANDS COMMISSION

BACKGROUND:

The Malinowski's are owners of a portion of an island located in the Sacramento River, Sacramento County, commonly known as Long Island. A dispute over the location of the boundary between the Malinowski's upland and the State's sovereign land arose when the Malinowski's began the process of subdividing this upland parcel. The State felt that a portion of the area being subdivided was sovereign land based on a stipulated judgment entered in 1948 in the case of Rosillini, et al. v. State. The State felt the boundary line established by this judgment was a fixed line. The Malinowski's felt that the judgement established a meander line and therefore the true boundary of their upland parcel was the current high water mark.

CALENDAR ITEM NO. 47 (CONTD)

In May 1977 the Malinowski's filed a suit to quiet title against the State and were successful in that the court determined that the 1948 judgment line was a moving line. The State then filed an appeal of that judgment.

CURRENT SITUATION:

Staff of the Commission and the Attorney General's Office have been negotiating a settlement of this litigation with the Malinowski's. A Litigation and Title Settlement Agreement has been negotiated and is on file in the Sacramento Office of the Commission. The basic terms of the agreement are:

1. A Boundary Line Agreement will be executed between the Malinowski's and the State establishing the current Mean High Tide Line, described in attached Exhibit "A" as fixed boundary.
2. The Malinowski's will pay \$18,000 to the Land Bank in exchange for any interest of the State between the new boundary described in Exhibit "A" attached and the boundary described in the 1948 Rosillini judgment.

Staff of the Commission and that of the Attorney General's Office believes that approval of the proposed settlement agreement as on file will be in the best interest of the State.
