APPROVAL OF
COMPROMISE TITLE SETTLEMENT AGREEMENT

INTRODUCTIC.: The State Lands Commission staff recommends Commission approval of a Compromise Title Settlement Agreement with John W. Doudell, Trustee under Trust Agreement dated December 30, 1971, Armand Kunde and Joan Kunde, (Doudell and Kunde), involving an approximately 100-acre parcel of land (Settlement Parcel), located in the town of Milpitas, County of Santa Clara. The proposed agreement contemplates the State patenting its interest in the Settlement Parcel, with the exception of the present bed of Penitencia Creek, in return for the sum of \$20,000. That sum will be deposited in the Land Bank Fund pursuant to Public Resources Code, Section 8625(a). This money would then be available to purchase property more suitable for trust purpose.

BACKGROUND AND PRESENT SITUATION:
The Settlement Parcel is located in the northern portion of Santa Clara County within the City of Milpitas. It is bounded on the west in part, by Penitencia Creek,

on the north by Dixon Landing Road, on the east by Southern Pacific and Western Pacific rail lines, and on the south by several residential areas. Loudell and Kunde intend to hold the property for future development as a business park and residential area.

The source of the State's Title Claim is the existence, within the Settlement Parcel, or a portion of the historic bed of Penicencia Creek. The historic bed of Penicencia Creek is now dry and is not suitable for trust purposes. Further, there is no land of equal or greater value within the Settlement Parcel suitable for trust purposes and which is available for exchange. Therefore, the compromise Title Settlement Agreement contemplates the State patenting its interest in the Settlement Parcel to Loudell and Kunde in exchange for the sum of \$20,000, which will be deposited in the land bank fund. Specific terms and conditions of the Compromise Title Settlement are set forth in the proposed form of agreement, a copy of which is on file with the State Lands Commission.

CONCLUSION:

The staff of the Commission has reviewed and evaluated the title evidence and the various legal principles applicable to this case. It has concluded that the proposed agreement is a reasonable compromise solution to this title dispute, is in compliance with all legal requirements and is within the statutory authority of the State Lands Commission.

OTHER PERTINENT INFORMATION:

Pursuant to the Commission's delegation of authority and the State CEQA Guidelines (14 Cal. Adm. Code 15061), the staff has determined that this activity is exempt from the requirements of The California Environmental Quality Act (CEQA) as a statutory exempt project. The project is exempt because it involves settlements of title and boundary problems.

Authority: P.R.C. 21080.11.
