AUTHORIZE ACCEPTANCE OF QUITCLAIM DEEDS TO PARCELS
LOCATED IN ALAMEDA, SAN MATEO, AND SANTA CLARA COUNTIES.
AS STATE SOVEREIGN LANDS AND AMEND LEASE TO
UNITED STATES FISH AND WILDLIFE SERVICE

In the course of acquiring several tracts for the San Francisco Bay National Wildlife Refuge, the United States Fish and Wildlife Service determined there were possible tide and submerged lands within the record descriptions of the tracts. The United States Department of Justice would not permit Fish and Wildlife Service to accept title to those tracts without an exclusion of the possible tide or submerged lands from the description.

The United States Fish and Wildlife Service identified the areas in question, and instructed the landowner, Leslie Salt, to execute quitclaim deeds to the State of California in order that no remainder would appear on the tax rolls.

Upon Commission acceptance, the deed parcels will take on the character and protections attaching to real property subject to the Public Trust owned by the State in its sovereign capacity.

The United States Fish and Wildlife Service has requested that the State lease the parcels to United States Fish and Wildlife Service as part of the San Francisco Bay Refuge. The parcels to be accepted are adjacent to other lands which are or may be subject to Public Trust ownership and which are also within the boundaries of the refuge.

Staff recognizes areas of Public Trust may exist within these tracts being acquired by the United States Fish and Wildlife Service (other than areas covered by the quitclaim deeds). Acceptance of these quitclaim deeds by the Commission does not

CALENDAR ITEM NO. C15 (CONT'D)

extinguish all possible Public Trust ownership within these tracts.
