APPROUAL AND AUTHORIZATION FOR EXECUTION
OF THIRD AMENDMEFIT TO MCGRATH-MACCO (BLA 101) BOUNDARY SETTLEMEN CORPORATION, FIELDSTONE COMPANY EETWEEN BRACTON CH AND THE STATE LANDS COMMISSION CITY OF LONG BEACH, AND THE CITY OF LONG BEACH, COUNTY OF LOS ANGELES

APPLICANT:

Mr. Bill Keiser, Deputy: City Attorney City of long Beach 333 W. Ocean Eouleva d Long Beach, California

90802
On August 28, 1968, the Commission, by Minute Item No. E4, approved the McGrath-riacco Boundary Settlement and Exchange agreement as part of the resolution of certain title and boundary problems existing in the Allamitos Bay area of the Gity of Long Beach. The agreement was inade pursuanic to the provisions of chapter 1688, Statutes of 1965, which requires commission approval of such settlements. By said the tideland the City of Long Beach received, as an asset cerritos channel trust, parcels of real property and marinas. The City also for future use as public parks and public access zo said parcels received easements for conveni The specific location of such across the McGrath property. McGrath, and the state.
Because of unexpectec delays resulting from litigation, the Commission approved the First Amendment to the McGrathiMacco Agreement which amendment extended the time in which to effectuate the 1968 agreement, by Minute Item \#1 at its Juiy 15, 1970 meeting.

Thereafter, the California Supreme Court in City of Long Beach $v$. Mansell, 3 Cal. 3d 462 (1970) sustained the validity of the statute and approved the agreement.

Since the time of the original agreement and the First Amendment, the proposed development plans for the private property within the McGrath area changed from what was originally contemplated. In addition, the private parties desired that the City's access rights be specifically defined. As a result of negotiations, the City agreed to a specific definition of access righis and in return for this, the McGrath Trust agreec to provide additional real property to the City for the consolidation of the City parcels on both sides of Cerritos Channel and the reconfiguraticn of the City's Parcel Q, which added additional lands to the City parcel. As a part of the reconfiguration of Parcel $Q$, the City gave up two small slivers of property having a net area of approximately one-half acre. These modifications are reflected in the Second Amendment to the Agreement, approved by the Comaission pursuant to Minute Item \#16, at the Commission's February 22, $197 ?$ meeting.

The present owner of the property, Bracton Corporation, which is a successor-in-interest to the private party signatories of the Mccrath-Macco Settlement and Exchange Agreement and its Amendments, now proposes to convey its interest to the Fieldstone Company. As part of the present plans for development of the property, a resabdiuision of the area is proposed (see Exhibit "A"). That resubdiuision, which has been approved by the City of Long Beach, calls for relocation of the public accessways to the public trust parcels on the cerritos Channe? (Extioit "C"). In addition, the Private Parties will improve that access, a five-foot pedestrian walkway, connecting the Marine Stadium area to the trust parcels, a block wall separating the private property for the public trust parcels, and provide an additional emergency access roadway. A contribution by the Private Parties of an amount not to exceed $\$ 200,000$ for improvement of the trust parcels is provided for in the resubdiuision. The Third Amendment (a copy of which is on file in the Sacramente office of the Commissions prouides for the conveyance or dedication, and improuement of the accessways, construction of the block wall, and impnovements by the City of the trust parcels. Finally, the amendmant prouides for approval of the Gity's plans for devalopment of the trust parcels and the expenditure by the City of tideland trust revenues of up to $\$ 500,000$ pursuant to Chapter 138 , Statuces of 1963.
