CONSIDERATION OF BOUNDARIES AND
PROPOSAL TO ANNEX TIDE AND SUBMERGED LANDS
INTO THE CITY OF STOCKTON, SAN JOAQUIN COUNTY

APPLICANT: City of Stockton
Office of the City Manager
Stockton, California 95202-1997

The State Lands Commission has received a request from the City of Stockton to review and approve the boundaries for the Weston Ranch Annexation Proposal (A-88-1).

The area proposed for annexation includes approximately 1,960 acres of land, more or less, and includes a 1.5 mile stretch of Interstate 5, a 1.8 mile stretch of the eastern half of the San Joaquin River, and a 1.5 mile stretch of French Camp Slough lying outside of the C. M. Webber Grant ("El Rancho del Campo de los Franceses").

The general location of the subject area lies east of the San Joaquin River, south of French Camp Slough, and south and west of the present city boundaries of Stockton. It consists primarily of farm land, but is planned for a 6,580-unit residential development. Any development involving either the San Joaquin River or French Camp Slough, both which include tide and submerged lands owned by and under the jurisdiction of the Commission, will require a permit from the State Lands Commission. This would include any dredging, utility lines, docks, or any other similar activity in the rivers.

Pursuant to Government Code Section 56108(c) and (d), the Commission is to review and approve or deny the proposed annexation boundaries as appropriate and correct.

(CALENDAR ITEM NO. 36 CONT'D)

Pursuant to Government Code Section 56108(a), the Commission must consent before land under its jurisdiction can be annexed.

The staff of the Commission has reviewed the proposed annexation boundary description and finds it adequate pursuant to Section 56108(c) and (d). Furthermore, the staff has no objection to transfer of local political jurisdiction from the County of San Joaquin to the City of Stockton pursuant to Section 56108(a).
