QUITCLAIM OF STATE OIL AND GAS LEASE PRC 6334,  
COLUSA AND SUTTER COUNTIES

LESSEE: TXO Production Corp.  
Attn: Mr. Gregory H. Guerrazzi  
9343 Tech Center Drive, Suite 200  
Sacramento, California 95826

SUMMARY

TXO Production Corp. has filed a document quitclaiming all of its right, title and interest in and to the lands held under State oil and gas lease PRC 6334.

BACKGROUND

Negotiated subsurface State oil and gas lease PRC 6334 was issued to TXO Production Corp. on July 16, 1987, and contains about 25 acres of submerged lands in the bed of the Sacramento River, Colusa and Sutter counties, California. Prior to this leasing, the lands were subject to Compensatory Gas Agreement PRC 6334 (issued to TXO Production Corp. on October 28, 1982).

State oil and gas lease PRC 6334 specifies a two-year drilling term within which the lessee shall commence operations for the drilling of a well for oil or gas. If the lessee fails to commence such drilling operations before the expiration of the drilling term or July 16, 1989, the lease will terminate. As of July 16, 1989, no drilling has been conducted on or near the leased lands.

CALENDAR ITEM NO. 23 (CONT'D)

On July 26, 1989, documents entitled "Full Release of Compensatory Gas Agreement and Quitclaim Deed for State Oil and Gas Lease" were recorded in the official records of Colusa and Sutter counties, California. These documents were duly executed by TXO Production Corp. on July 19, 1989 and are on file in the Commission's Long Beach office.

**PREREQUISITE CONSIDERATIONS, FEES, AND EXPENSES:**

Based upon a review of the Commission's records, staff has found no default, other than the failure to commence drilling operations, to exist on State oil and gas lease PRC 6334 as of July 16, 1989, the expiration of the drilling term. TXO Production Corp. has complied with all applicable laws and lease provisions, and has paid all rentals (royalties are not due as the leased lands were never developed).
