ACCEPT THE FULL QUITCLAIM OF
OF A NEGOTIATED SUBSURFACE (NO SURFACE USE),
STATE OIL & GAS LEASE PRC 6498
STOCKTON STATE HOSPITAL, SAN JOAQUIN COUNTY

LESSEE:

Chevron U.S.A. Inc.
Attn: Shelley A. Cook, Land Assistant
P. O. Box 1635
Houston, Texas 77251

BACKGROUND:

Negotiated subsurface (no surface use) State oil and gas lease PRC 6498 was issued to Chevron U.S.A., Inc. on September 28, 1983 and contains approximately 112 acres of proprietary uplands located in the City of Stockton, San Joaquin County.

The Stockton Gas Unit was formed on October 2, 1985 and included 44.43 acres of State land which was 5.6871 percent of the Unit total for which the State received a unit royalty of 1.70612 percent. A partial quitclaim deed covering 67.57 acres of land not included in the Stockton Gas Unit, was submitted by Chevron on October 30, 1986.

All wells drilled from private lands have been plugged and abandoned pursuant to regulations enforced by the California Division of Oil and Gas. No wells were drilled into the State lands.

P.R.C. 6804.1 and lease Paragraph 6 permit the Lessee to make at any time a written quitclaim of all rights under the lease or of any portion of the leased lands comprising a ten-acre parcel or multiple thereof in a compact form. The quitclaim is effective on the date it is filed with the State, subject to the continued obligation of the lessee and its surety to pay all accrued rentals and royalties and to abandon all wells drilled on the leased lands.

CALENDAR ITEM NO. C 2 1 (CONT'D)

On December 24, 1991, the Commission received Chevron's "Quitclaim of Lease PRC 6498", covering the remaining 44.43 acres within the Stockton Gas Unit. This document was dated December 23, 1991 and quitclaims to the State all of the lessee's right, title, and interest in and to the leased lands described in Exhibit "A".

A review of the Commission's files reveals that no default exists on the Lease, that the Lessee has complied with all applicable laws and lease provisions and has paid all rentals and royalties.
