GENERAL PLAN

The State Lands Commission proposes to sell 33.40± acres of State School land to the Mojave Water Agency.

The Mojave Water Agency is acquiring approximately 70 miles of pipeline right of way in San Bernardino County for the Morongo Basin Water Pipeline Project. The right of way is divided into a number of ownerships including the federal government, the State of California and private landholders. The proposed alignment primarily parallels existing road rights of way. The acquisition will facilitate the construction and operation of a water pipeline to deliver State project water from the State water aqueduct near Hesperia to the Morongo Basin.
