**ACCEPT THE QUITCLAIM DEED OF
NEGOTIATED SUBSURFACE (NO SURFACE USE)
STATE OIL AND GAS LEASE PRC 7574
(65 ACRES UNDER THE SACRAMENTO RIVER),
GLENN COUNTY**

LESSEE:

Tri-Valley Oil & Gas Company
2001 Westwind Drive, Suite 14
Bakersfield, CA 93301

BACKGROUND:

Negotiated subsurface (no surface use) State Oil and Gas Lease PRC 7574 (Lease) was issued to Tri-Valley Oil & Gas Company (Tri-Valley) on September 23, 1991 and contains 65 acres of tide, submerged and proprietary lands in the bed the Sacramento River in Glenn County, California (leased lands). Under the terms of the Lease, the lessee is required to pay an annual rental of \$25 per acre (\$1,625 for 65 acres) and commence drilling operations on the leased lands within three years. An exploratory well was directionally drilled from an upland drillsite which bottomed under state lands. The exploratory well was a dry hole and subsequently abandoned in accordance with applicable regulations.

P.R.C. 6804.1 and Lease paragraph 30 permit the lessee to make at any time a written quitclaim of all rights under the lease or of any portion of the leased lands comprising a ten-acre parcel or multiple thereof in a compact form. The quitclaim will be effective when it is filed with the State subject to the continued obligation of the lessee and its surety to pay all accrued rentals, royalties and liabilities under the lease prior to the effective date of the quitclaim.

On September 6, 1994, the Commission received the "(Full) Quitclaim Deed for State Oil and Gas Lease". This document was dated September 1, 1994, and quitclaims to the State all of the lessee's right, title and interest in the leased lands described in Exhibit "A" of State Oil and Gas Lease PRC 7574 dated September 23, 1991.

A review of the Commission's files reveals that no default exists on the Lease, that the lessee has complied with all applicable laws and Lease provisions and has paid all rentals. No royalty is due as the leased lands were not developed.
