**BACKGROUND:**

Negotiated subsurface (no surface use) State Oil and Gas Lease PRC 7750 (Lease) was issued to Russell H. Green, Jr. and Rio Delta Resources Inc. on March 8, 1994 and contains 209 acres of tide, submerged and proprietary lands in the bed of San Joaquin and False Rivers in Contra Costa County, California (leased lands). Under the terms of the Lease, the lessee is required to pay an annual rental of \$25 per acre (\$5,225 for 209 acres) and commence drilling operations on the leased lands within three years. No wells were drilled into State lands; however, an unsuccessful well was drilled nearby.

P.R.C. 6804.1 and Lease paragraph 30 permit the lessee to make at any time a written quitclaim of all rights under the lease or of any portion of the leased lands comprising a ten-acre parcel or multiple thereof in a compact form. The quitclaim will be effective when it is filed with the State subject to the continued obligation of the lessee and its surety to pay all accrued rentals, royalties and liabilities under the lease prior to the effective date of the quitclaim.

On March 16, 1995, the Commission received the "(Full) Quitclaim Deed for State Oil and Gas Lease". This document was dated March 8, 1995, and quitclaims to the State all of the lessee's right, title and interest in the leased lands described in Exhibit "A" of State Oil and Gas Lease PRC 7750.
