GENERAL LEASE - PROTECTIVE STRUCTURE USE

LESSEE:

Ronald W. Lucker and Marie L. Lucker, Trustees of the
Ronald and Marie Lucker Family Trust Dated July 19, 2000
517 Pacific Avenue
Solana Beach, California 92075

AREA, LAND TYPE, AND LOCATION:

Sovereign lands in the Pacific Ocean, Solana Beach, San Diego County.

AUTHORIZED USE:

Construction and maintenance of two seacave fills at the base of the coastal bluff.

LEASE TERM:

Ten years, beginning November 1, 2000.

CONSIDERATION:

The public health and safety; with the State reserving the right at any time to set a monetary rent if the Commission finds such action to be in the State's best interest.

SPECIFIC LEASE PROVISIONS:

Insurance:

Liability insurance: Combined single limit coverage of \$1,000,000.

OTHER PERTINENT INFORMATION:

1. Applicant owns the uplands adjoining the lease premises.
2. Applicant is requesting that the Commission authorize the filling of two seacaves that were filled pursuant to an emergency permit authorized by the California Coastal Commission (CCC) on January 12, 1998 (6-97-

CALENDAR ITEM NO. C35 (CONT'D)

165G). The seacave fills were necessary to protect the upland residence. The seacave fills consist of a colored and textured erodible concrete mixture designed to match the natural appearance of the surrounding bluffs and to erode at the same rate as the bluffs. The CCC subsequently authorized the issuance of a regular coastal development permit for the seacave fills at its June 10, 1999 meeting (CDP 6-97-165). As a condition of CDP

6-97-195, the applicant is required to provide annual reports for the first three years, and then at three-year intervals thereafter following construction, documenting any differential retreat of the natural bluff face and the seacaves, the stability of the overall bluff face, and the impact of the seacave fills on the bluffs on either side. If the seacave fills are found to extend seaward of the natural bluff face by more than six inches in any location, the report shall include alternatives and recommendations to remove or otherwise correct this condition so that no seaward extension of the fills will remain.

3. On June 10, 1999, the CCC granted permit #6-97-195 for the project under its certified regulatory program (Title 14, California Code of Regulations, section 15251(c)).

Staff has reviewed the document and determined that the conditions, as specified in Title 14, California Code of Regulations, section 15253(c), have been met for the Commission to use the environmental analysis document certified by the CCC as a Negative Declaration equivalent in order to comply with the requirements of the CEQA.

4. This activity involves lands identified as possessing significant environmental values pursuant to Public Resources Code sections 6370, et seq. Based upon the staff's consultation with the persons nominating such lands and through the CEQA review process, it is the staff's opinion that the project, as proposed, is consistent with its use classification.

APPROVALS OBTAINED:

City of Solana Beach; California Coastal Commission.
