At its meeting on December 20, 1973, pursuant to Minute Item 19, the Commission authorized the issuance of an Industrial Lease (PRC 4849.1) to Union Oil Company of California (UNOCAL) for their use of an existing offshore loading facility to transport oil in conjunction with their adjacent state oil and gas Lease No. PRC 2879.1. The facility had been constructed by Phillips Petroleum Company to remove oil associated with their now terminated oil and gas lease. Pursuant to Minute Item 12 of the Commission's February 28, 1985, meeting, Lease No. PRC 4849.1 was renewed for an additional ten-year period, effective January 1, 1984. In 1992, Commission staff was notified by UNOCAL that they wished to place the facility in caretaker status. The offshore mooring system was removed shortly thereafter. The lease expired on December 31, 1993, and is in holdover status. The offshore loading line, which was not removed, has previously been flushed with seawater to remove residual oil.
