AMENDMENT OF LEASE

LESSEE:

Bolero Lane LLC  
c/o Nazir S. Antoun

AREA, LAND TYPE, AND LOCATION:

Sovereign lands in Huntington Harbour, Huntington Beach, Orange County.

AUTHORIZED USE:

(1) The continued use and maintenance of an existing boat dock; and (2) the continued use and maintenance of a cantilevered deck extending no more than five feet waterward of the existing bulkhead.

LEASE TERM:

Ten years, beginning April 25, 2003.

CONSIDERATION:

As to the boat dock \$237 per year, with the State reserving the right to fix a different rent periodically during the lease term, as provided in the lease; as to the construction and maintenance of the cantilevered deck, \$1,013 per year with the State reserving the right to fix a different rent periodically during the lease term, as provided in the lease.

PROPOSED AMENDMENTS:

The removal and replacement of the existing boat dock and installation of a new "U" shaped boat dock, gangway and two new 14" diameter piles. Additionally, revise the existing rent as to the boat dock from \$237 per year to \$256 per year effective on April 25, 2006, to provide for the additional square footage occupied by the replacement boat dock. All other terms and conditions of the lease shall remain in effect without amendment.

OTHER PERTINENT INFORMATION:

- 1. Lessee owns the uplands adjoining the lease premises.

CALENDAR ITEM NO. C47 (CONT'D)

2. On February 17, 2005, the Commission approved the issuance of a General Lease – Recreational Use for a ten-year term to the Bolero Lane LLC (Lessee) for the existing boat dock and for the construction and maintenance of a cantilevered deck. The Lessee is now applying for an amendment to PRC 3568.1 to allow for the removal and replacement of the existing boat dock. Lessee does not qualify for a rent-free lease as to the boat dock pursuant to Public Resources Code section 6503.5 because the Lessee is not a natural person. The replacement boat dock occupies a larger area, thus the rent is revised to reflect the additional square footage of this improvement on State lands.
3. On December 14, 2005, the California Coastal Commission (CCC) granted Permit #5-05-378 for this project under its certified regulatory program [Title 14, California Code of Regulations, section 15251 (c)]. Staff has reviewed the document and determined that the conditions, as specified in Title 14, California Code of Regulations, section 15253 (b), have been met for the Commission to use the environmental analysis document certified by the CCC as a Negative Declaration equivalent in order to comply with the requirements of the CEQA.
4. This activity involves lands identified as possessing significant environmental values pursuant to Public Resources Code sections 6370, et seq. Based upon the staff's consultation with the persons nominating such lands and through the CEQA review process, it is the staff's opinion that the project, as proposed, is consistent with its use classification.
