**TERMINATION OF RECREATIONAL PIER LEASE AND  
ISSUANCE OF A NEW RECREATIONAL PIER LEASE**

**LESSEES:**

Everett G. Nord and Greta L. Nord

**APPLICANTS:**

Robert L. Vellanoweth and Kelly A. Vellanoweth

**AREA, LAND TYPE, AND LOCATION:**

Sovereign lands in the Sacramento River, near the city of Sacramento,  
Sacramento County.

**AUTHORIZED USE:**

Construction, use, and maintenance of a new single-story covered floating boat dock with a pitched roof or non-load bearing flat roof, boat slip, boat lift, and three new steel pilings; and the continued use and maintenance of an existing gangway, and three wood pilings.

**LEASE TERM:**

Ten years, beginning May 10, 2007.

**CONSIDERATION:**

No monetary consideration pursuant to Public Resources Code section 6503.5.

**SPECIFIC LEASE PROVISIONS:**

Liability insurance in the amount of no less than \$300,000.

**OTHER PERTINENT INFORMATION:**

1. Applicants own the uplands adjoining the lease premises.

CALENDAR ITEM NO. 88 (CONT'D)

2. On September 19, 2000, the Commission authorized a ten-year Recreational Pier Lease to Everett G. Nord and Greta L. Nord. That lease will expire on September 19, 2010. Subsequently, the ownership of the upland has been transferred to Robert L. Vellanoweth and Kelly A. Vellanoweth (Applicants).
3. On January 2, 2005, the Applicants submitted an application for the removal of the existing uncovered boat dock and for the construction of a 24' x 46' two story floating dock, a 12' x 36' boat slip, boatlift and installation of three steel pilings. The dock will be anchored by the three new steel pilings and three existing wood pilings (one single and one dolphin). Access to the floating dock will be provided via an existing gangway with new aluminum decking. Based on the plans submitted with the application, the boat dock and slip are proposed to be covered. As designed, the roof over the boat dock and slip will be flat and will have a 36" high picket railing around the entire second story, which would provide a deck area for the Applicants private use.
4. Based on staff's review of the Applicants proposed dock plans, staff understands that the Applicant intends to utilize the upper story as a private deck. Staff believes that these types of structures are not in the best interests of the State as they result in an unreasonable interference with the public's rights. As such, staff advised the Applicants to redesign the upper level of the covered boat dock to eliminate the railing and flat roof with a pitched roof or to have the roof designed with non-load bearing materials. Staff met with the Applicant and contractor to discuss redesigning the covered dock. Staff understands that the Applicant wants to pursue constructing the dock as designed and submitted with the application. Staff is recommending a lease be issued to the Applicants without the deck component and with a covered dock design as outlined above.
5. Since the design of the boat dock has been modified, the Applicants may not begin construction activities until all applicable permits are amended from the agencies having jurisdiction over the project, and copies of such permit amendments are provided to the Commission.
6. As the covered dock has been redesigned and would be used solely for the purpose of docking and mooring boats, the Applicants qualify for a rent free Recreational Pier Lease because they are natural persons who have

improved the littoral land with, and use the upland for, a single-family dwelling.

7. **Termination of Lease:** Pursuant to the Commission's delegation of authority and the State CEQA Guidelines (Title 14, California Code of Regulations, section 15060) (c)(3), the staff has determined that this activity is not subject to the provisions of the CEQA because it is not a "project" as defined by the CEQA and the State CEQA Guidelines.

Authority: Public Resources Code section 21065 and Title 14, California Code of Regulations, section 15060 (c)(3) and 15378.

8. **Existing Gangway and Three Wood Pilings:** Pursuant to the Commission's delegation of authority and the State CEQA Guidelines (Title 14, California Code of Regulations, section 15061), the staff has determined that this activity is exempt from the requirements of the CEQA as a categorically exempt project. The project is exempt under Class 1, Existing Facilities; Title 2, California Code of Regulations, section 2905 (a)(2).

Authority: Public Resources Code section 21084 and Title 14, California Code of Regulations, section 15300 and Title 2, California Code of Regulations, section 2905.

9. **Single Story Covered Floating Boat Dock with a Pitched Roof or Non-Load Bearing Flat Roof, Boat Lift, and Three Steel Pilings:** Pursuant to the Commission's delegation of authority and the State CEQA Guidelines (Title 14, California Code of Regulations, section 15061), the staff has determined that this activity is exempt from the requirements of the CEQA as a categorically exempt project. The project is exempt under Class 3, New Construction of Small Structures; Title 2, California Code of Regulations, section 2905 (c)(1).

Authority: Public Resources Code section 21084 and Title 14, California Code of Regulations, section 15300 and Title 2, California Code of Regulations, section 2905.

10. This activity involves lands identified as possessing significant environmental values pursuant to Public Resources Code sections 6370, et seq. Based upon the staff's consultation with the persons nominating
