CALENDAR ITEM NO. **C26** (CONT'D)

**CONSIDERATION:**

PRC 4598.9 and PRC 7578.9: the public use and benefit; with the State reserving the right at any time to set a monetary rental if the Commission finds such action to be in the State's best interest.

**PROPOSED AMENDMENTS:**

PRC 4598.9: amend lease premises to delete the Sea Scout building.

PRC 7578.9: amend lease premises to include the Sea Scout building, including rehabilitation and relocation of the building, construction of trail improvements, installation of a public restroom and approval of sublease to Environmental Volunteers, extend the term of the lease for an additional seven years – six months. All other terms and conditions of the leases shall remain in effect without amendment.

**OTHER PERTINENT INFORMATION:**

1. In the 1920' and 1930's the city of Palo Alto (City) acquired a number of parcels in Santa Clara County that were derived from State Swamp and Overflow Patents. Navigable bodies of water, namely Mayfield Slough and San Francisquito Creek, meandered throughout the parcels. Since the acquisition of these parcels, rather haphazard development has occurred on the properties, and assorted dredging and filling has taken place, so that the natural waterways are obscured and in many places are filled and suitable for development. In avoidance of the time, expense, and uncertainties required to confirm the respective interests of either parties, Leases Nos. PRC 4598.9 and PRC 7578.9 were issued without prejudice to any other claims, demands, causes of action, contentions, or assertions by either party.
2. The City has applied to the Commission to amend Lease Nos. PRC 4598.9 and PRC 7578.9 to allow relocation and rehabilitation of an existing Sea Scout building, construction of trail improvements, installation of a public restroom, and to request consideration of sublease to the Environmental Volunteers (EV) for use and maintenance of the Sea Scout Building, the trail improvements and the public restroom.
3. The EV is a non-profit organization devoted to promoting the understanding of and responsibility for the environment through hands-on science education. Other than relocation of the Sea Scout Building to higher ground EV anticipates no changes to the defining historic characteristics of the building, and plans no additions and only very minor exterior alteration. The plan for rehabilitation and adaptive re-use will be consistent with the Secretary of the Interior's standards for Historic Rehabilitation and in accordance with the City's analysis that building

needs to be raised to higher elevation to avoid problems related to water incursion from high tides. The EV and City have entered into a long term lease for the rehabilitation and relocation of the Sea Scout Building, along with construction of trail improvements and installation of a public restroom.

4. **Amendment of Lease PRC 4598.9 and sublease of Lease PRC 7578.9:** Pursuant to the Commission's delegation of authority and the State CEQA Guidelines [Title 14, California Code of Regulations, section 15060 (c)(3)], the staff has determined that this activity is not subject to the provisions of the CEQA because it is not a "project" as defined by the CEQA and State CEQA Guidelines.

Authority: Public Resources Code section 21065 and Title 14 California Code of Regulations, section 15060 (c)(3) and 15378.

5. **Amendment of Lease PRC 7578.9:** A Mitigated Negative Declaration was prepared and adopted on August 26, 2008, for this project by the City of Palo Alto. The California State Lands Commission's staff has reviewed such document. A Mitigated Monitoring Program was adopted by the City of Palo Alto.
6. This activity involves lands identified as possessing significant environmental values pursuant to Public resources Code sections 6370, et. seq. Based upon the staff's consultation with the persons nominating such lands and through the CEQA review process, it is the staff's opinion that the project, as proposed, is consistent with its use classification.
