3. The prior lease authorized an existing pier and two mooring buoys. Commission staff has confirmed that the pier does not extend waterward of elevation 6223 feet, Lake Tahoe Datum, and, therefore, is not located on sovereign land. As a result, the application is only for the continued use and maintenance of two existing mooring buoys. The buoys were permitted by the Tahoe Regional Planning Agency on October 7, 2009.
4. Applicants qualify for a Recreational Pier Lease because the Applicants are natural persons who own the littoral land that is improved with a single-family dwelling.

Pursuant to the Commission's delegation of authority and the State CEQA Guidelines (Title 14, California Code of Regulations, section 15061), the staff has determined that this activity is exempt from the requirements of CEQA as a categorically exempt project. The project is exempt under Class 1, Existing Facilities; Title 2, California Code of Regulations, section 2905 (a)(2).
