This is a continuation of the process the Commission used from approximately 1995 to October 2008 when TRPA adopted an FEIS and Ordinance Amendments supported by the FEIS. In September 2010, the U.S. District Court invalidated the FEIS and nullified the Amendments. When additional information is available, Commission staff will advise the Commission on any suggested modifications to the process used by the

Commission pending resolution of the TRPA FEIS and amended ordinance issues.

OTHER PERTINENT INFORMATION:

1. Applicants own the uplands adjoining the lease premises.
2. On October 30, 1980, the Commission authorized a Recreational Pier Permit with Howard C. Greenspan. The lease expired on October 29, 1990. The upland property was subsequently deeded to Douglas M. Sherman and Janet B. Sherman, Trustees of the Sherman Family Trust of 1994 U.D.T dated March 1, 1995. The Applicants did not respond to several attempts by staff to submit an application for a new lease. In order to qualify for pier and buoy permits from the Tahoe Regional Planning Agency, the Applicants must show proof of a current lease with the Commission. The Applicants are now applying for a new Recreational Pier Lease.
3. A marine railway is an old system used for boat launching and haul-out. It typically consists of a parallel set of rails, a cart for the boat, and a cable powered by a winch or motor. The marine railway on the lease premises is old and believed to be non-operational.
4. Applicants qualify for a Recreational Pier Lease because the Applicants are natural persons who own the littoral land that is improved with a single-family dwelling.
5. Pursuant to the Commission's delegation of authority and the State CEQA Guidelines (Title 14, California Code of Regulations, section 15061), the staff has determined that this activity is exempt from the requirements of CEQA as a categorically exempt project. The project is exempt under Class 1, Existing Facilities; Title 2, California Code of Regulations, section 2905 (a)(2).

Authority: Public Resources Code section 21084 and Title 14, California Code of Regulations, section 15300 and Title 2, California Code of Regulations, section 2905.

6. This activity involves lands identified as possessing significant environmental values pursuant to Public Resources Code section 6370, et seq., but such activity will not affect those significant lands. Based upon the staff's consultation with the persons nominating such lands and through the CEQA review process, it is the staff's opinion that the project as proposed, is consistent with its use classification.
