GENERAL LEASE – RECREATIONAL USE

APPLICANTS:

Ronald T. Vanderbeek and Billie J. Vanderbeek; Robert S. Marston; and John Burdette Gage and Linda Joan Schacht, Co-Trustees of the Kalalau Revocable Inter Vivos Trust dated October 4, 1986

AREA, LAND TYPE, AND LOCATION:

Sovereign land in Lake Tahoe, adjacent to 1620 Sequoia Avenue, near Tahoe City, Placer County.

AUTHORIZED USE:

Use and maintenance of an existing joint-use pier, boathouse with sundeck and stairs, and boat lift not previously authorized by the Commission.

LEASE TERM:

10 years, beginning October 19, 2012

CONSIDERATION:

\$4,624 per year, with the State reserving the right to fix a different rent periodically during the lease term, as provided in the lease.

SPECIFIC LEASE PROVISIONS:

1. Insurance:
Liability insurance in the amount of no less than \$1,000,000.
2. Other:
 - a. A provision in the lease acknowledging joint-use by the Applicants of the authorized improvements on the lease premises pursuant to a 1975 Declaration of Restrictions recorded in Placer County.
 - b. A provision in the lease contains conditions that the existing sundeck with stairs, as shown on the attached Exhibit B, cannot be expanded, and if repairs to any portion of the existing sundeck cost more than 50% of the base value of the sundeck, then the sundeck must be removed from the lease premises.

CALENDAR ITEM NO. **C29** (CONT'D)

- c. A provision in the lease requires the removal of two unauthorized existing mooring buoys owned by Marston and Gage/Schacht from below elevation 6,223-feet Lake Tahoe Lake Tahoe Datum no later than November 24, 2012, in the event that Marston and Gage/Schacht cannot obtain littoral status by November 24, 2012.

OTHER PERTINENT INFORMATION:

1. Applicants own or have the right to use the upland adjoining the lease premises.
2. In the summer of 2010, while inspecting a neighboring parcel, staff became aware of a pier with a boathouse, boat lift, sundeck, railing, and stairs located on State lands that were never authorized by the Commission. Staff immediately contacted the upland owner, the Vanderbeeks, and on April 26, 2011, an application for a lease was received. At that time, staff was informed that the pier was a joint-use pier subject to a 1975 Declaration of Restrictions between the Vanderbeeks and two backshore parcel owners that granted a pedestrian easement on and through the littoral parcel owned by the Vanderbeeks to the low water mark, elevation 6,223-feet, Lake Tahoe Datum. The Vanderbeeks own the littoral parcel. The Marston and the Gage/Schacht parcels are situated behind, i.e., landward of the Vanderbeek's littoral parcel. The easement runs along the east side of the parcels to the pier at the low water mark. The pier structure extends from the end of this easement onto State lands. The 1975 Declaration set forth the respective rights and obligations for the pier structure by the Vanderbeeks and the other Applicants. For purposes of this lease, the Applicants share the use of the pier equally with the exception of the boathouse with sundeck and stairs and the boat lift, which are for the exclusive use of the Vanderbeeks.
3. The existing joint-use pier, boathouse with sundeck and stairs, and boat lift have been in Lake Tahoe for the past 25 to 45 years without benefit of a prior lease, staff is now recommending a lease for the use of State land for the above facilities.
4. During the application process, staff became aware that the Vanderbeeks have owned and used two mooring buoys on State lands for many years without authorization and the other Applicants owned and used one buoy each (two) on State lands, also for many years without authorization. The Vanderbeeks submitted a separate application for a new lease for their two existing buoys offshore of this same littoral parcel which was authorized by the Commission at its August 14, 2012 meeting.

CALENDAR ITEM NO. **C29** (CONT'D)

5. The two existing buoys owned by Mr. Marston and the Gage/Schachts are being considered in this action before the Commission. Staff is recommending a provision in the lease requiring the removal of the buoys owned by Mr. Marston and the Gage/Schachts because they do not qualify as littoral owners, but rather as individuals with access easement rights to the low water line of Lake Tahoe pursuant to a 1975 Declaration of Restrictions. At the request of these Applicants, staff is further recommending a one-time extension for the removal of the two buoys to no later than November 24, 2012, in order to give the littoral owner and two backshore owners the opportunity to resolve the issue of littoral status through an agreement that will provide a littoral interest to the backshore owners. The extension requires all the Applicants to either form a homeowners association providing littoral status for the three owners and three buoys (one for each member) or enter into an agreement between all the Applicants for use of two existing buoys by November 24, 2012.
6. On October 8, 2011, Chapter 585, Statutes of 2011 became law. The law took effect on January 1, 2012. This new law repeals section 6503.5 of the Public Resources Code, which had allowed rent-free use of State-owned land by certain private parties for their recreational piers. It replaced the former section with a new section 6503.5 which provides that the State Lands Commission "shall charge rent for a private recreational pier constructed on state lands." The law provides for two exceptions to the imposition of rent. Those exceptions are for:
 - A. A lease in effect on July 1, 2011, through the remaining term of that lease. If a lease in effect on July 1, 2011, expires or is otherwise terminated, any new lease will be subject to rent; and
 - B. A lease for which the lease application and application fees were submitted to the Commission prior to March 31, 2011.

Because the application was submitted to the Commission after March 31, 2011, the lease does not qualify for an exception to recently-enacted changes to Section 6503.5 of the Public Resources Code and is subject to rent.

7. The staff recommends that the Commission find that this activity is exempt from the requirements of CEQA as a categorically exempt project. The project is exempt under Class 1, Existing Facilities; California Code of Regulations, Title 2, section 2905, subdivision (a)(2).

CALENDAR ITEM NO. **C29** (CONT'D)

Authority: Public Resources Code section 21084 and California Code of Regulations, Title 14, section 15300 and California Code of Regulations, Title 2, section 2905.

8. This activity involves lands identified as possessing significant environmental values pursuant to Public Resources Code section 6370 et seq., but such activity will not affect those significant lands. Based upon the staff's consultation with the persons nominating such lands and through the CEQA review process, it is the staff's opinion that the project, as proposed, is consistent with its use classification.
