CALENDAR ITEM NO. C14 (CONT'D)

2. On June 24, 2008, the Commission authorized a General Lease – Recreational and Residential Use to William McInerney. To date, staff has not received an executed lease from the Applicant, despite many requests. With less than one year remaining on the previously authorized lease, staff recommends the rescission of the prior approval while staff pursues a new lease application from William McInerney. The rescission of this lease and the pursuit of a new lease with Mr. McInerney is part of a larger, coordinated staff effort to bring all encroachments into sovereign land on Sandy Beach Road under lease.

3. The staff recommends that the Commission find that the subject rescission of lease approval does not have a potential for resulting in either a direct or a reasonably foreseeable indirect physical change in the environment, and is, therefore, not a project in accordance with the California Environmental Quality Act (CEQA).

Authority: Public Resources Code section 21065 and California Code of Regulations, Title 14, sections 15060, subdivision (c)(3), and 15378.

EXHIBITS:

- A. Site and Location Map
- B. Land Description

RECOMMENDED ACTION:

It is recommended that the Commission:

CEQA FINDING:

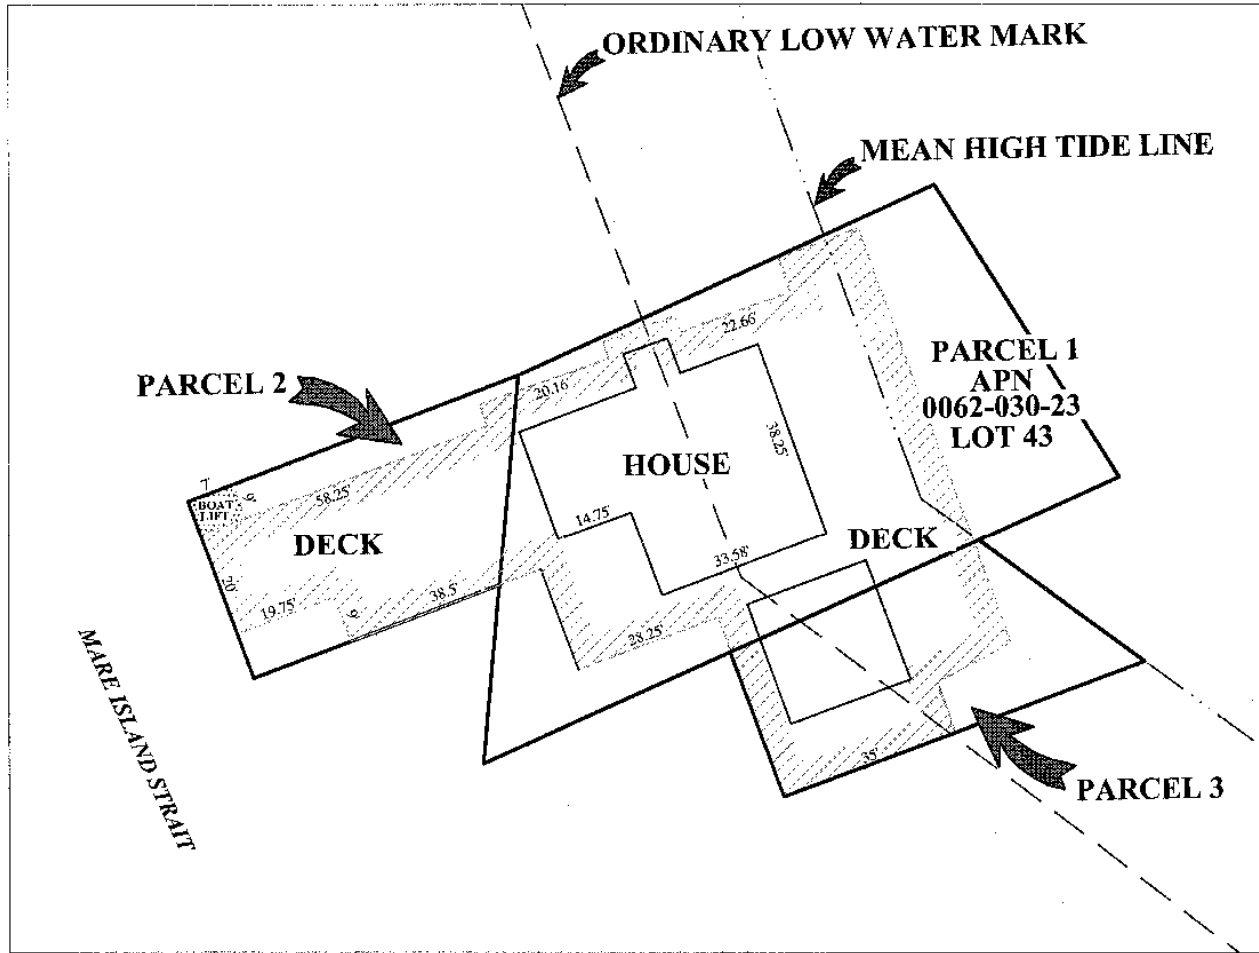

Find that the subject rescission of lease approval is not subject to the requirements of CEQA pursuant to California Code of Regulations, Title 14, section 15060, subdivision (c)(3), because the subject activity is not a project as defined by Public Resources Code section 21065 and California Code of Regulations, Title 14, section 15378.
