**STAFF ANALYSIS AND RECOMMENDATION:**

**Authority:**

Public Resources Code sections 6005, 6216, 6301, 6501.1, and 6503.5; California Code of Regulations, title 2, section 2000, subdivision (b).

**Public Trust and State's Best Interests Analysis:**

On August 24, 2006, the Commission authorized a Recreational Pier Lease for the existing pier, boat lift, and two mooring buoys to Ronald J. Guerra and Russey J. Guerra ([Calendar Item C12, August 24, 2006](#)). That lease expired on September 22, 2016. Ownership of the upland has since been deeded to Ronald J. Guerra and Russey J. Guerra, Trustees of the Ronald and Russey Guerra Revocable Trust dated December 20, 1996. The Applicant is now applying for a General Lease – Recreational Use for the continued use and maintenance of the existing facilities.

The subject facilities are used for recreational boating. Recreational boating is a water-dependent use that is generally consistent with the common law Public Trust Doctrine. The California Legislature has identified private recreational boating facilities as an authorized use of Public Trust land (Pub. Resources Code, § 6503.5).

The subject facilities have existed for many years at this location. The pier is built on pilings and the immediate area of the pier is sloped and rocky with large boulders. The topography and the location of upland structures provides access for the pier and allows the public to walk or navigate under the pier within the Public Trust easement. There is not much vertical public access to the shoreline along this stretch of Lake Tahoe. The two buoys are located directly lakeward of the upland property and occupy a relatively small area of the lake.

The proposed lease does not alienate the State's fee simple interest or permanently impair public rights. The lease is limited to a 10-year term, does not grant the lessee exclusive rights to the lease premises, and

CALENDAR ITEM NO. C10 (CONT'D)

reserves an easement to the public for Public Trust-consistent uses. Upon termination of the lease, the lessee may be required to remove all improvements and restore the lease premises to their original condition.

The proposed lease requires the lessee to insure the lease premises and indemnify the State for any liability incurred as a result of the lessee's activities thereon. The lease also requires the payment of annual rent to compensate the people of the State for the occupation of the public land involved. For all the reasons above, Commission staff believes the issuance of this lease is consistent with the common law Public Trust Doctrine and in the best interests of the State.

**OTHER PERTINENT INFORMATION:**

1. This action is consistent with Strategy 1.1 of the Commission's Strategic Plan to deliver the highest levels of public health and safety in the protection, preservation, and responsible economic use of the lands and resources under the Commission's jurisdiction and Strategy 1.3 to promote, expand, and enhance appropriate public use and access to and along the State's inland and coastal waterways.
2. Staff recommends that the Commission find that this activity is exempt from the requirements of the California Environmental Quality Act (CEQA) as a categorically exempt project. The project is exempt under Class 1, Existing Facilities; California Code of Regulations, title 2, section 2905, subdivision (a)(2).

Authority: Public Resources Code section 21084 and California Code of Regulations, title 14, section 15300 and California Code of Regulations, title 2, section 2905.

3. This activity involves lands identified as possessing significant environmental values pursuant to Public Resources Code section 6370 et seq., but such activity will not affect those significant lands. Based upon staff's consultation with the persons nominating such lands and through the CEQA review process, it is staff's opinion that the project, as proposed, is consistent with its use classification.

**PUBLIC TRUST AND STATE'S BEST INTERESTS:**
